

LAWMAKERS INDICTED ON BRIBERY CHARGES

Three Senators and Two Representatives Held By Grand Jury for Alleged Grafting

SERGEANT-AT-ARMS OF SENATE ALSO ACCUSED

House Unanimously Vindicates Speaker Vining While Rep. Fulton of Licking, Presides in Chair—New Redistricting Bill Introduced by Federal Relations Committee—17th District Changed.

Columbus, May 4.—In order to think things over the house today voted to adjourn at 2:30 o'clock.

Columbus, May 4.—It was decided today to adjourn the grand jury this afternoon until next Monday when two more senators will be indicted.

The grand jury is expected to finish next Wednesday or Thursday. Five witnesses were heard during this morning's session.

Dr. Nye, of Pike county, will be placed on trial Monday, May 17. The other trials will follow immediately after. Nye was the only indicted legislator absent from his seat in the assembly today.

Senator Cetone had a long talk with Lieutenant Governor Nichols. The indicted men kept close to their desks and had nothing to say. The first definite reference to the indictments in either house was when Representative Ratliff of Hamilton asked the members to suspend judgment on Representative Lowrey.

Ratliff said the evidence showed Lowrey and accompanied Nye in good faith to act as a witness when Nye called on the detectives. Lowrey wept as Ratliff spoke for him.

Columbus, May 4.—Although the grand jury resumed its grind today the center of attention for the moment is around the indicted men. Their indictment will not prevent their performing their official functions, unless they should be expelled and it would take a two-thirds vote of the branch in which they sit to expel them.

It is thought that the fact that they have all engaged the same law firm indicates they will all set up the same defense. They will probably join in saying they sought to trap suspected bribers. Their attorney claims they cannot prepare their cases within two or three weeks but Prosecutor Turner declares he will not permit delay.

Many attorneys regarded as doubtful whether or not a detective who admits he did not use a bribe with the intention of actually influencing legislation is guilty of any crime under the statutes. They hold if the alleged briber is guiltless of crime, the acceptor cannot be guilty under the same law. The state's attorneys claim it is up to the defendants to prove their motive in accepting a bribe. Under the present law bribe takers can be fined \$500 or sentenced up to five years in the pen, or both.

ASSEMBLYMEN INDICTED.

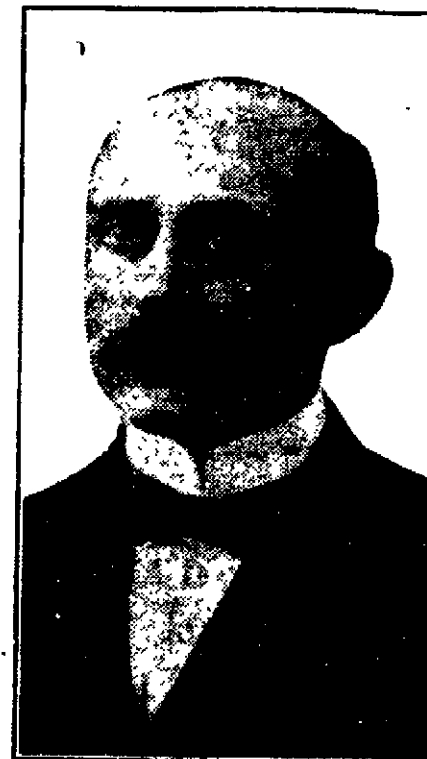

GEORGE K. CETONE, Senator, Montgomery county, fruit grower, Democrat.
ISAAC E. HUFFMAN, Senator, Butler county, attorney, Democrat.
L. R. ANDREWS, Senator, Lawrence county, attorney, Republican.
GEORGE B. NYE, Representative, Pike county physician, Democrat.
RODNEY J. DIEGEL, Sergeant-at-arms of senate, Erie county.
A. C. LOWRY, Representative, Lawrence county, physician, Republican.
Nye was indicted four times, Diegel three times. One indictment was returned against each of the others. Nye and Diegel were put under \$10,000 bonds and the others under bonds of \$5,000 each.

Columbus, O., May 4.—Three senators, two representatives and one senate attache were indicted for soliciting bribes by the Franklin county grand jury, in its first report. The five men were prepared for the announcement and when notified of the jury's action went to the courthouse in a body and furnished bond to appear for arraignment in court tomorrow morning.

Nye, who caused the arrest of Burns detectives on charges of bribing him, was among those indicted.

who explained the working of the dictagraph, which the detectives assert conveyed to a stenographer in an adjoining room all conversations in which bribe deals were made. Three detectives, F. S. Harrison, A. C. Bailey and David H. Perry, who allege they trapped the legislators in the bribery deal and who were arrested last week at the instance of Nye, were bound over to the grand jury, but that body returned "no bills" in their cases.

The detectives will be the principal witnesses at the trials of the assemblymen and Diegel, which, it is declared, will be pushed as rapidly as possible. It is announced that although the April term of court does not run many weeks longer ordinarily, adjournment will not be taken until the bribery trials are disposed of. Meanwhile, the grand jury will continue its investigation.

SENATOR HUFFMAN
Democrat of Butler County, Indicted in Bribe Scandal.

The probing is going back as far as possible, and ex-members are not exempt.

After Representative George B. Nye had reluctantly resigned from the house steering committee, Speaker Vining named a new committee, as follows: Democrats, Russell, Gottschall Combs and Friebohn; Republicans, Langdon, Gibbs and Crist. Russell and Langdon were members of the old committee, who resigned because of the presence on the committee of Representative Nye after he admitted having accepted a bribe.

The indictment of Dr. A. C. Lowry, Lawrence county representative, has its ironical side. Lowry is a son in law of Colonel Henry A. Marting, iron and steel manufacturer of Iron, and member of the association at whose instance the investigation was made. The incident is considered an unusual one in bribery investigations.

House Votes Confidence In Speaker Vining As Rep. Fulton Presides

As one man, the entire house of representatives rose to its feet and thereby expressed yesterday the abiding confidence of the whole membership in the integrity of Speaker Samuel J. Vining.

By that vote the house adopted a resolution of confidence offered by Representative Culbertson Smith of Butler.

The house was moved to that action by the publication yesterday in the Columbus Citizen of a wholly erroneous report that progressive Republicans had determined to demand the resignation of the speaker, who had been duped by Nye into causing the arrest of the three Burns detectives as supposed lobbyists.

The article quoted the speaker as saying if there was any basis for the report it was a Republican plot.

Assuring the speaker the publication was a fake, Lawrence K. Langdon, Republican floor leader, went to his seat, and as soon as opportunity was afforded arose to a question of personal privilege. Recognizing the member from Warren, Speaker Vining turned the gavel over to Representative Fulton of Licking and left the room.

Langdon read the published report to the house and said:

"So far as the Republican members are concerned, and I have consulted almost every one of them, each and every one of them knew absolutely nothing of this kind. We should realize that public officials were never placed in a more trying situation. Their reputations are at stake, and we should be extremely careful that reputations are not destroyed by chance remarks. It is only fair to the speaker to say the Republicans knew nothing about this report."

"Let's bar from the floor the vampire who wrote the story. I don't know the procedure but I'll look it up," said Scott (Rep.) of Harrison.

"We must all concede that the speaker is honorable, fair and a gentleman," said Smith of Butler, and the house chorused "agreed."

The following is the house resolution, which was adopted unanimously:

knowledge of the members of this house, through insinuations made in the public press, that our honorable speaker of this the seventy-ninth general assembly of Ohio, the Hon. S. J. Vining, has been charged with conduct unbecoming an individual occupying the exalted position he now occupies, and,

"Whereas, It is the sense of the members of the house of the seventy-ninth general assembly, that Hon. S. J. Vining, as such speaker, has been industrious, unbiased and fair in any and all of his dealings as such speaker, and we, as members of said assembly, hereby desire to express our implicit confidence in the fairness, honesty and integrity of said Hon. S. J. Vining as such speaker, therefore, be it

"Resolved, That by using vote we express our confidence in the integrity, impartiality and fidelity of said S. J. Vining."

SENATOR ANDREWS.
One of the Republicans Accused of Accepting Bribes.

New Redistricting Bill Introduced By Federal Relations Committee

Columbus, May 4.—The congressional redistricting bill introduced by Representative Fulton was reported by the Federal Relations committee yesterday in a revised form. Mr. Fulton being in the speaker's chair, the revised bill was reported by Representative Frick.

All except three districts are changed and the amended bill makes ten Democratic districts, whereas the original bill provided for 11.

No change was made in the two Cincinnati districts, but a new ward division was made of Cleveland, into the Twentieth and Twenty-first districts. The amended districts by counties are:

Third—Butler, Montgomery.
Fourth—Peeble, Miami, Darke, Shelby, Mercer, Auglaize, Hardin, Allen.

Fifth—Van Wert, Putnam, Paulding, Defiance, Henry, Williams, Fulton.

Sixth—Warren, Clinton, Clermont, Highland, Brown, Adams, Scioto.

Seventh—Madison, Fayette, Pickaway, Fairfield, Ross, Hocking, Pike.

Eighth—Greene, Clark, Champaign, Logan, Union, Delaware.

Ninth—Lucas, Wood.

Tenth—Vinton, Jackson, Athens, Meigs, Gallia, Lawrence.

Eleventh—Franklin.

Twelfth—Muskingum, Perry, Morgan, Noble, Monroe, Washington.

Thirteenth—Columbia, Carroll, Jefferson, Harrison, Guernsey, Belmont.

Fourteenth—Ottawa, Sandusky, Erie, Seneca, Huron, Wyandot, Hancock.

Fifteenth—Crawford, Richland, Ashland, Medina, Summit.

Sixteenth—Wayne, Stark, Holmes.

Seventeenth—Morton, Morrow, Knox, Licking, Coshocton, Tuscarawas.

Eighteenth—Lata, Geauga, Portage, Lorain, and all territory in Cuyahoga county outside Cleveland.

Nineteenth—Ashtabula, Trumbull, Mahoning.

Bribed Legislators To Be Punished By Penitentiary Sentence

Columbus, O., May 4.—The house unanimously adopted the Tod bill, increasing the punishment for bribing legislators. It makes it mandatory for judges to sentence guilty bribe takers to a penitentiary term of one to 10 years and cuts out a fine as an alternative penalty.

The house also passed the Davidson bill, establishing juvenile courts in Allen, Butler, Columbiana, Franklin, Lorain, Lucas, Mahoning, Montgomery, Stark and Wood counties.

House Passes Gebhardt Bill.

Columbus, O., May 4.—The house, by a vote of 60 to 18, passed the Gebhardt bill, which takes away many of the powers now enjoyed by the board of public works and confers them upon Canal Engineer James P. Marker.

RIOT FEARED AT CHICAGO

Chicago, May 4.—Rioting and bloodshed with the added prospect that 10,000 freight handlers will soon be on strike, has brought the labor situation here to an acute stage. The freight handlers will strike unless the roads treat with them jointly, and the roads have told the arbitrators that is the one point which they have refused to consider. The elevator construction men and the railroad maintenance men are striking and all the police reserves are constantly on duty.

Factory Bill Passes.

Columbus, O., May 4.—Employees of workshops and factories are given added protection against fire horrors such as the Triangle shirtwaist factory holocaust in the Donson building code bill, which passed the house with a big majority. Under the bill, owners of workshops and factories as well as the proprietors of mercantile establishments which employ men, women and children, are compelled to erect fire escapes and provide other means of protection against fire. Workshop inspectors can order buildings closed where the owners refuse to comply with the law.

FULTON CANAL BILL PASSED BUT AMENDED

Columbus, May 4.—Both Senators Haas and Watkins were bombarded with telegrams from the Newark Board of Trade and many individual citizens of Newark today soliciting their support of Representative W. D. Fulton's bill, No. 97, which recently passed the house, giving possession of the canal at Newark to the city of Newark for park purposes. Mr. Fulton had introduced the measure in the house, had secured its passage there and was instrumental in interesting many senators in the matter.

This morning Senator Haas introduced Senator Kraus to report the bill out of committee and Mr. Haas then moved its passage under suspension of the rules. Senator Stockwell offered an amendment providing for the appointment of a commission of three men to be named by the governor to fix a value upon the canal in Newark and requiring the city of Newark to pay a rental of 4% per annum upon said valuation. Though Senator Haas endeavored to secure the passage of the original Fulton bill and spoke for it, the bill as amended was passed and must now go back to the house where Mr. Fulton will have it in charge and bring it up next week.

MR. FULTON FAVORS PLAYGROUND BILL

Columbus, May 4.—Representative W. D. Fulton told the Advocate correspondent today that he is heartily in favor of the Watkins bill to enable school boards to buy or lease property for children's playgrounds and will do all he can to secure its passage. The measure passed the senate and was suggested to Senator Watkins by F. L. Beggs, chairman of the Newark Board of Trade's playground committee.

BILLS TODAY.

Columbus, May 4.—The White bill for direct primary nominations of all state officers was to be recommended by the house to the author with leave to report at any time. The Russell bill making chronic denunciation or mania a statutory ground for divorce was killed in the house. The senate made the Smith 1% bill a special order for Tuesday at 3 o'clock and passed the Kennedy house bill enlarging the power of the state bank examiner.

PROBABLY FALSE ALARM.

An alarm of fire, No. 34 this afternoon at 3:05 o'clock, called the central department to the residence of W. E. Shrock on Jefferson street. There was no fire at the Schrock residence or elsewhere in the immediate vicinity.

HAVE NOT YET SECURED JURY IN SUTLEY TRIAL

May be Necessary to Summon Another Special Venire Before Case Can Proceed

FEW SPECTATORS ARE PRESENT IN COURT ROOM

Prisoner Does Not Show Effect of Long Confinement ---Many Veniremen Excused on Account of Prejudice, But More Because They Do Not Favor Capital Punishment.

JURY TO DATE.
T. A. TINKLE, Madison township, truck farmer.
C. S. MCKENNA, farmer, Newton township.
FRANK POUND, farm hand, Newton township.
I. B. JONES, farmer, Kirkersville.
GEORGE ADRIAN, retired farmer, St. Louisville.
W. H. RITCHIE, construction worker, Hanover village.
S. A. WILL, station agent, Hanover.
J. O. MONTGOMERY, retired farmer, Hartford township.
JOHN ROW, farmer, Bennington township.
FRANK NORMAN, farmer, Bowling Green township.

With seven men in the jury box accepted and sworn as jurors to "try and true deliverance make" in the case of the state of Ohio against Quincy Sutley, Judge Nicholas resumed the trial Thursday morning. Rapid work was made of the examination of veniremen Wednesday. Forty four prospective jurors were examined during the day and of this number, six were accepted. The first of the seven men in the jury box was T. A. Tinkle, who qualified from the first venire examined on Monday.

When the jury was brought to the court house, the court was informed that Mr. Adrian, who is probably the oldest man in the panel thus far, was quite ill. The bailiff informed the court that Mr. Adrian believed he was contracting the mumps.

Upon the order of the court the bailiff called Dr. McClure to examine the juror and report to the court.

As the panel is not completed, Mr. Adrian may be excused without delaying the case.

Three men in the panel are of about the same age, there being but a year's difference in their ages.

The case proceeded, the court suggesting that the jury remain in chambers until the physician concluded his examination. This was agreed to by counsel.

The crowd Thursday morning consisted of but a dozen or more spectators. A few local attorneys were numbered among those who watched the proceedings.

The defendant, attired as usual in a neat blue serge suit, sat with his counsel at the table from which his attorneys examined or scrutinized closely each candidate for the jury. This morning he wore a white carnation in his lapel.

O. A. Fry, Bennington township, farmer, opposed to capital punishment in some cases but could return a verdict without considering the indictment as evidence against the de-

fendant. Passed for cause by the state. Examined by James for defense. Would require evidence to remove prejudice caused by the indictment. Challenged for cause and excused.

Prosecutor Smythe made a protest against excusing veniremen, stating that the answers of the witness indicated that he could lay aside prejudices and consider the case fairly.

The court went into the matter thoroughly and explained that he was anxious that the temperament of each juror as well as his state of mind, satisfy the court that the candidate was fit to sit as a juror.

The court's explanation and reason for his action was fair and scholarly and indicated his sincerity of purpose in sustaining the challenge of the defense in the case of this particular venireman and others of a similar nature.

W. E. Hatfield, Bennington township, farmer, Not opposed to capital punishment; no opinion; passed for cause by the state. Examined by Bolton for defense. The indictment against defendant would interfere with his fair consideration of the case; challenged for cause. Questioned by the court and ordered excused.

J. O. Montgomery, Hartford township, retired farmer, Not opposed to capital punishment; no opinion; passed for cause. Examined by James for defense. Had read of previous trials but formed no opinion. Did not sign petition. Passer for cause. Passed peremptorily by both sides. Accepted as eighth juror.

John Householder was excused because of condition of health.

Derilus Halch, farmer, Bennington township, Opposed to capital punishment. Could not under any circumstances render a verdict the penalty of which would be death. Excused.

At this point, Dr. McClure came into court and made the formal statement that Juror Adrian was suffering from a soreness of the glands of the neck, with slight symptoms of mumps. The patient had no fever which would be the case if the disease was mumps.

The court instructed the physician to give the juror the best attention possible and to also attend to the medical needs of any of the other jurors who might need such attention.

John Row, Bennington township, farmer, Not opposed to capital punishment; no opinion. Passed by state. Examined by Bolton for defense. Formed no opinion from what he read. Signed no petition and did not even vote at the wet and dry election. Passed for cause. Peremptory challenges passed by both sides. Accepted as the ninth juror.

FEAR REBEL UPRISING IN MEXICO CITY DURING CELEBRATION TOMORROW

Mexico City, May 4. With 8,000 armed rebels reported secreted within this city the big celebration tomorrow in honor of the anniversary of the defeat of the French in 1862 may cloak a serious uprising within the capital.

There is a general fear that an attack from within and without will come tomorrow, but the officials are trying to beatify this fear.

The city defenses are very weak at present because troops have been sent into the interior to restore order there. With food at starvation prices because of interrupted railroad service and 2,000 rebels within striking distance of the city of Mexico even the most conservative officials admit the situation is very critical.

Much depends upon the outcome of the peace negotiations near Juarez, but many claim that if peace is not finally declared there within 48 hours it will be too late. Every state except two or three reports extreme disorder.

Armed bands roam the country murdering and pillaging and although these bands are repudiated by the rebel leaders their numbers are increasing. It is these men who have robbed foreigners and having outraged French, German, British and Americans as well as natives greatly complicate the situation. Although the Diaz government promises the representatives of these nations to protect their interest it seems that they are unable to do so.

Immense Crowd Attends Opening Of the New Store

THE CROWD stretched down the Arcade and far into the street long before the new 5, 10 and 25 Cent Store opened its doors at 9 o'clock this morning and the rush has continued throughout the day. Officers were stationed at the doors, permitting a limited number to enter the store at one time. This arrangement enabled the people to inspect the store with comfort and to purchase with ease. The splendid bargains in every department were quickly snapped up, but the supply was replenished from the immense basement stock-room, and the big sale has continued merrily all day.

We desire to express our full appreciation of the large attendance and the liberal purchasing by the public. The crowd today was too large to enable us to give personal attention to each customer, as we would like but the people realized that it was an impossibility to improve the service under the circumstances.

Many compliments are being expressed over the appearance of our store and exclamations of amazement were constantly heard over the great variety of merchandise and the splendid values that are offered for 5, 10 or 25 cents.

Many thousands of carnations were brought to the new store this morning for distribution among the visitors and their free distribution will continue as long as they last. Carnations Friday and Saturday also.

Stevens' Orchestra is on hand to furnish music throughout the day and this evening. The store will remain open until 10 o'clock tonight.

Remember the special sale advertised for 7 o'clock this evening. Great bargains are offered. Those who were unable to come today are invited to visit the new store tonight, or tomorrow, or at any time. We shall be glad to see you and to show you every courtesy at our command.

Our room in the Arcade is 130 feet long, with one entrance on Third street and two in the Arcade. We also have a 65-foot salesroom in the basement, and every inch of space, including our large stock room, is crowded with choice things brought to Newark fresh from the factories for our opening day.

We want you to come and see our new store and get acquainted with us, whether you buy or not. We invite you to come and hear the music and get a souvenir, and to inspect the largest and best selected stock of the kind ever brought to Newark.

Our store is centrally located, is well ventilated and splendidly lighted. The several entrances and exits will make shopping in this store a delight instead of a jam

The members of the Monday Afternoon Bridge club entertained their husbands and a number of guests on Wednesday evening with a banquet. The home of Mrs. Henry Sachs in Hudson avenue was selected. The residence presented a pretty appearance with its profusion of garden flowers and the small tables were used for the serving of the banquet.

A delicious menu of four courses was served after which an impromptu musicale was given. Instrumental and vocal programs being given by Mrs.

Heart and Home Talks

Simple Talks on Health.

The Much Talked of Rhythmic Breathing.

THE Orientals have many theories in regard to the body and life that seem startling to the Western mind. Time has proven some of these theories to be truth. And there is such a change today in the mental attitude toward new ideas, that many of these Eastern theories, that a hundred or so years ago would have received no attention whatever, are today received with at least an open mind. Many are willing to listen; some, to test. It is being understood that truth comes in many forms and through various channels, and not only through some one medium selected or approved by ourselves. Those whom we may have looked upon as outside the pale have more of truth than we.

One of the beliefs of this Eastern world which is beginning to find its way westward is the matter of rhythmic breathing. Instead of pooh-poohing it as all nonsense and foolishness as we might have done in the past, we do not now pass judgment on it first, and examine it afterward. Many are studying it to see if it does have the good in it the orientals claim.

According to these students in the East, everything in the world is in vibration. Science seems to bear this out. We know that heat and light and sound and many other things are matters of vibratory waves. Whether this is the ultimate truth or not, of course no one can say. But we do know that vibration gives a power not possible without it. Every one knows that when soldiers cross a bridge they have to break step because the vibrations their rhythmic steps would set up might destroy the bridge.

Upon these facts of universal vibration and its power, the orientals have founded their idea of rhythmic breathing and its value. Put this swing, this rhythm, into the body, they say, and you will increase its power marvelously. In fact, the things they say that one can do when one has mastered rhythmic breathing seem incredible. Whether one would wish to go to these lengths or not is of course a matter for the individual to decide. But if additional force can be gained for everyday work by rhythmic breathing, it certainly would be worth while to acquire it.

Rhythmic breathing does not seem easy to learn, at least to those not acquainted with oriental lore. Most of us have some idea of rhythm. We know it in music, or if we are entirely unfamiliar with music, the regular beat of the keeping step gives it. But to swing this idea of rhythm from these familiar matters to the heart-beat and the breath is not so easy. For these are what rhythmic breathing are concerned with.

One who understands rhythmic breathing gives these directions for acquiring it. Place the fingers on the pulse and get the heart-beat. Do this until this beat is perfectly familiar, even without the aid of the pulse. Then inhale for a certain number of heart-beats, hold the breath for half this number, exhale during the full number, and rest between breaths the half count again. For instance, if you inhale while the heart beats ten times, hold the breath for five counts, exhale during ten, and count five before taking another breath. These proportions must be kept right. If the heart beats twenty times while inhaling then hold the breath for ten, and so on. When one has mastered this, one has the body in vibration.

It needs to be practiced until it can be done almost unconsciously. One wants to feel the swing, the vibration, and one wants to master it so completely that the mind is not distracted with the counting and the thought of the vibration. It wants to become as much an unconscious part of one's self as ordinary breathing.

Since it can be accomplished with a little practice and perseverance, and as it is said to increase the powers of the body it certainly seems worth acquiring.

Coffee Cake. Sift together one quart of flour, two teaspoonfuls of baking powder, a half teaspoonful of salt and a half cupful of sugar. Thoroughly beat two eggs, add to them a pint of milk and stir into the dry mixture. Beat hard until bubbles appear in the batter, pour into two shallow greased pans and bake in a quick oven.

Rhubarb Bread. Prepare two quarts of rhubarb and cook slowly, cutting it in half inch pieces so as to avoid stringiness. Stew with one pint of sugar, adding more if too tart. When very soft rub through a sieve and return to the fire until at the boiling point. Have ready a number of slices of two day old bread buttered generously. Spread them on a platter and pour over sufficient of the hot sauce to thoroughly soak them. Add another layer of bread, cover with the remainder of the sauce. Set aside until cold and serve with cream and sugar.

NEW STORE OPEN TODAY IN ARCADE

The Citizens 5, 10 and 25 Cent Stores company's new store in the Arcade, one of the "hottiest" in Ohio, a store that would be a credit to a city many times as large as Newark, opened its doors at 9 o'clock this morning. And the rush is on.

Since the middle of March when the Citizens company of which a large number of Newark people are stockholders, secured possession of this choice location, a big force of men has been busy in remodeling the room and in setting the fixtures made especially for the Newark store. No expense was spared yet no money was wasted in fitting up this store. First the basement was arranged for a salesroom and stockroom combined and here in the basement many of the best things in the store are to be found.

The main floor has been made very attractive by splendid counters and show cases while the nine big display windows on the Arcade and Third street are trimmed with plate glass shelves held in place by nickel fixtures. This shelving is decorative and at the same time serves to display the wares and give a good view of the interior of the store.

Both the artificial and natural lighting of the new store is good and numerous ventilators serve to keep the air fresh in spite of the crowd.

The several entrances and exits make shopping at the Citizens a delight instead of a jam.

The store and stockroom are filled with a great variety of merchandise—dry goods, hardware, candy, sheet music, kitchen utensils, china, glassware, pictures, baskets, notions, novelties—and what not? This store has everything to be found in an ordinary 5 and 10 cent store and then some, as the Citizens has a 25 cent department where extraordinary values and bargains are offered.

The opening day was marked by the presence of the Stevens orchestra and by the distribution of thousands of carnations as souvenirs. Four special sales were given today and another big sale is scheduled for 7 tonight. While, of course, the sale of goods began with the opening at 9 a. m. the special sales during the day are features of the opening.

The manager of the local branch of the Citizens is Mr. E. H. Slaughterhaupt, who until recently was manager of the Kirby store in this city. His arrangement of the stock and management of the opening are evidence of his ability to conduct the business.

The Citizens company, which has stores in Cleveland, Cambridge, Bucyrus, Ashland and Uhrichsville, has practical buyers who are out all the time buying goods for the chain of stores. These buyers have sent a splendidly assorted stock to Newark and the way the people flocked to the store today and carried away bundles of goods is taken as an indication that the Citizens will continue to do business in Newark and lots of it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials.

Saved Child from Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, laryngitis, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by F. D. Hall.

Friday and Saturday we will sell our 65 and 75c children's hats for 50c. Clouse & Schaeffer.

**DECLARES KILLING
PURELY ACCIDENTAL**
**Wealthy Farmer Arrested For
Murdering Employee.**

Fowler, Ind., May 4.—John W.
Poole, the wealthy Benton county
farmer accused by his son Emory of
the murder of Joseph Kemper, a Ger-
man employed on the farm a year
ago, admitted to Sheriff Frank Shack-
leton that he had killed Kemper, but
the killing was accidental. Though
Poole did not sign a formal confes-
sion, his admission is regarded as a
confession.

Poole was arrested at one of his
farms, north of Rensselaer, where he
had been for two weeks, and brought
to Fowler in an automobile. It was
just before they reached Fowler that
Poole first told the sheriff and mar-
shal that he was responsible for
Kemper's death. He said that on the
Sunday of the killing he was climb-
ing over the fence at the back of his
house with a shotgun in his hand,
being in pursuit of a rabbit running
across the yard. Kemper, he says,
was standing near, and he declared
that in getting over the fence the
gun was discharged and the full
charge blew off Kemper's head.

The arrest is due to the son, who
says his father is crazy and that oth-
ers will be killed unless he is placed
in an asylum.

UNCLE WALT

The Poet Philosopher.

Beneath a tree the pauper sat,
A week-old paper on his knee. He wore
a hen's nest for a hat, and sagely he
discussed to me. "This blame fool
treaty with Japan will bring our
nation many woes," remarked this
sad and ancient man, who had a red
and bulbous nose. "My blood is
boiling in my veins,"
he said. "Taft makes
send our soldiers to
the plains, to roost with owls and
rattlesnakes? And congress fools
and paws around the most absurd,
disastrous way; our statesmen waste
in empty sound the time they need
for baling hay. What think you of
these British peers?" the pauper
asked, in accents hurt; and he had
sauduburs in his ears, and wore a
flour-sack for a shirt. One time this
poor old ruined man was strong
enough to wield a spade; he never
tried his life to plant; he never tried
to learn a trade; he never struggled
to advance, to fill his mind with use-
ful lore, and now he's wearing
country pants, and sitting by the poor
house door. He always liked to talk
and show how ignorant a man can
be; and here he sits, his nose aglow,
a week-old paper on his knee.

A PENNY EARNED.

Ever notice how some folks skimp?
Yet they go on using strong, greasy,
yellow soap full of rosin and lye. They
waste more than they can save. How-
ever, it's Easy Task Laundry Soap is a real
saver. It gets out the dirt in half
the time, and so white and pure it can't
harm the finest fabrics. Still it costs
no more than the harmful imitations.

SUTLEY TRIAL

(Continued from Page 1.)
ishment except in extreme cases. Ex-
cused.

J. R. Iden, Hopewell township. Op-
posed to capital punishment. Would
require strong evidence to convince
him that the death penalty was just.
Excused.

Frank Myers, Hopewell township.
farmer. Opposed to capital punish-
ment. Excused.

Frank Norman, Bowling Green town-
ship, farmer. Not opposed to capital
punishment; no opinion. Passed by
state. Examined by James for defense.
Formed no opinion from reading. Passed
by defense for cause and peremptorily
by both sides. Was sworn as the
tenth juror.

J. O. Redman, Hopewell township,
farmer. Opposed to capital punish-
ment; formed no opinion. Questioned
by court regarding capital punishment.
Excused.

George Morehead, Hopewell town-
ship, farmer. Opposed to capital pun-
ishment; no opinion regarding defend-
ant. Passed for cause by State. Exam-
ined by James for defense. Formed no
opinion from what he read. Verdictman
voted dry at the local option election.
His attitude on the liquor question
would not weigh against the defendant.
Passed for cause by defense and per-
emptorily by the state; challenged
peremptorily by defense. This is the
ninth peremptory challenge by the de-
fense.

J. M. McCracken, Hopewell township
farmer. Opposed to capital punish-
ment. Excused.

F. M. Hursey, Hopewell township,
farmer. Not opposed to capital pun-
ishment; no opinion regarding defend-
ant; passed. Examined by Bolton for
defense. Brother of Deputy Clerk
Hursey. Formed no opinion regarding
defendant from what he read. Passed
for cause by defense but excused on
their peremptory challenge. Defen-
se now has six peremptory challenges yet
to exercise and the state has three.

George M. Chambliss, Hopewell
township, blacksmith. Opposed to cap-
ital punishment. Excused.

Perry White, Newark township,
gardener. Not opposed to capital pun-
ishment; no opinion. Passed by
James for defense. The indictment of
the defendant raised the presumption
in his mind that he was probably con-
nected with the crime. Could lay aside
this presumption and consider the de-
fendant innocent until proven guilty.
Did not sign wet and dry petition.
Passed for cause and peremptorily chal-
lenged by the defense.

THURSDAY AFTERNOON.

J. Willis Fulton, Newark township.
Not opposed to capital punishment; an
opinion. Examined by James for de-
fense and excused peremptorily.

W. C. Hall, Newark township. Not
opposed to capital punishment. Ex-
cused.

C. C. Shaw, Newark township. Not
opposed to capital punishment; formed
an opinion that the man must be
guilty or would not have been in-
dicted but could lay aside the opinion
and give defendant a fair trial. Ex-
amined by Bolton for defense. Chal-
lenged. Excused.

J. B. Conn, Newark township, gar-
den. Opposed to capital punishment.
Excused.

Leroy Tenney, Newark township. Not
opposed to capital punishment. Formed
an opinion from what he had read. Not
regarding this particular defendant.
Examined by James for defense. Chal-
lenged. Excused.

R. A. Slide, Newark township. Not
opposed to capital punishment in some
cases; no opinion; passed. Examined
by James for defense. Has defective
hearing and troubled with rheumatism.
Mr. Slide stated that he was 79 years
old, that his wife was 72, that they
lived alone. The court excused the
venitman with the remark that he
would not separate them in their old
age.

opposed to capital punishment; no
opinion. Passed for cause. Examined
by James for defense. Consulted with
Smythe & Smythe as attorneys. Passed
for cause. Excused on defense's per-
emptory challenge.

WEDNESDAY AFTERNOON.

Peter Geiger, Hebron, farmer; op-
posed to capital punishment. He em-
phatically insisted that unless he saw
the crime committed that no evidence,
no matter how strong, would convince
him that the death penalty was war-
ranted; excused.

C. V. Chism, Hebron, merchant; op-
posed to capital punishment; ex-
cused.

M. V. Huffman, Hebron, carpenter;
opposed to capital punishment; ex-
cused.

DeForest Carlisle, Hebron, plumber;
opposed to capital punishment; ex-
cused.

J. T. Cluniss, Hebron, merchant and
undertaker; opposed to capital pun-
ishment. Excused.

K. C. White, Hebron, hardware deal-
er; opposed to capital punishment. Ex-
cused.

Eben Holtsberry, Hebron, real estate
dealer; opposed to capital punishment.
Excused.

S. H. Rosebrough, Hebron, harness-
maker; opposed to capital punishment.

Milton Kelsey, Hebron, farmer; not
opposed to capital punishment; had an
opinion as to the crime of July 8, but
not against Sutley. Felt that he could
not give the defendant a fair trial. Was
excused after a few questions by the
court.

Evans Price, Granville, farmer; op-
posed to capital punishment. Excused.

J. C. Forsythe answered when J. H.
Forsythe was called. The defense in-
terposed an objection to those mem-
bers of the panel called hereafter, who
were called by 'phone, but not served
with a subpoena by the sheriff. The
court instructed the bailiff to see that
all veniremen present who were
called by 'phone, be properly and legal-
ly served.

Mr. Forsythe was served with his
summons, which again read "J. H.
Forsythe." His initials being "J. C." he
was excused.

T. A. Vanatta, subpoenaed under
the name of J. A. Vanatta. Excused.

Hayes Hanksinson, farmer, Gran-
ville township; opposed to capital pun-
ishment. Excused.

Benl. Jones, school teacher, Gran-
ville township; not opposed to capital
punishment; no opinion; passed by
state. Examined by James for defense.
Signed the petition for a wet and dry
election. Passed by defense for cause
and state peremptorily. Challenged
peremptorily by defense.

Edmund Bebout, subpoenaed as Ed-
ward Bebout and excused for that
reason.

George Adrian, Newton township, re-
tired farmer; not opposed to capital
punishment; no opinion; passed by
state for cause. Examined by Bolton
for defense, formed no opinion from
what he read; signed the poll; con-
tributed no money; no prejudice
against this defendant. Passed by de-
fense for cause and state peremptorily;
passed peremptorily by defense. Qual-
ified as the fifth juror.

Alvah Burrell, farmer, Eden town-
ship; not opposed to capital punish-
ment; no opinion; passed by state for
cause. Examined by Bolton for the
defense; signed dry petition; could
give the defendant a fair and impartial
trial. The fact that the defendant was
indicted might prejudice him, but he
believed he could give the case a fair
trial. After being questioned sev-
eral times by the state and defense as
well as the court, the venireman in-
sisted that the indictment raised a
presumption of guilt in his mind. He
was excused on the defense's challenge
for cause.

W. H. Ritchie, Hanover, construction
work. Not opposed to capital punish-
ment; no opinion; passed by state for
cause. Examined by James for defense.
The indictment of the defendant raised
in venireman's mind a presumption of
guilt. Signed a petition for a wet
and dry election. Passed for cause by
defense and peremptorily by both sides.
Accepted as sixth juror.

G. W. McGinnis, Hanover village
railroad telegrapher. Not opposed to
capital punishment. Had formed an
opinion from what he had read; was
opposed to general principle of riot.
Questioned by the court, the venire-
man felt that his prejudice would pre-
vent him giving defendant an impar-
tial trial.

S. A. Will, agent electric railway,
Hanover. Not opposed to death pen-
alty for crime of murder. Had an op-
inion at the time of the riot, but had
changed since that time and could
give defendant a fair trial; passed by
state for cause. Examined by Bolton
for defense, and passed for cause.
State's attorney Miller insisted on an
explanation, why the juror had
changed. The court ordered the jury
taken from the court room and the
venitman stated that at the time of
the riot he believed that it was not
right to have outside persons come in-
to the city and incite a riot, but
that since that time he had come to
the conclusion that it was probably
necessary for the presence of the dry
detectives to enforce the law. Passed
both for cause and peremptorily by
both sides. Was accepted as the
seventh juror.

The court ordered a five minute's
recess and suggested that the jurors
be allowed the privilege of the judge's
chambers. This was agreed to by both
sides but later the defendant's attor-
neys objected and the court ordered
the jury to remain in the box.

J. W. Harter, Hanover, Hanover
Pressed Brick company. Opposed to
capital punishment. Excused.

Frank Wood, Hanover, carpenter.
Opposed to capital punishment. Ex-
cused.

David Powers, Bowling Green town-
ship, farmer. Opposed to capital pun-
ishment in "some cases." Was ex-
cused by the court because of defec-
tive hearing.

Thomas Fry, farmer, Jacksontown.

Not opposed to capital punishment; no
opinion. Passed for cause by state.
Signed petition for wet and dry elec-
tion. The court at this point warned
the spectators in the court room that
no expression of feeling, amusement,
etc., would be permitted. This fol-
lowed when a titter went through the
crowd following an answer made by
Venitman Fry. It developed in Mr.
James' examination that Venitman
was subpoenaed as Thomas "Fry."
He said his name was spelled without
the "e." No objection was interposed
for this reason. Venitman stated
that the defendant "must be guilty of
something or he wouldn't have been in-
dicted." Challenged by defense. Fur-
ther questioned by Mr. Miller the
venitman stated that the state must
prove the defendant guilty before he
would vote for conviction.

Mr. James renewed his challenge,
on the ground that the state's attor-
ney put the answers in the venire-
man's mouth. Attorneys for both
sides argued the point at some length.
When questioned by the court, the
venitman satisfied the court that he
would consider the evidence alone. He
was excused however on the defense's
peremptory challenge.

Joseph Phillips, Bowling Green
township, farmer. Opposed to capital
punishment; excused.

Amos Courson, Newark, employed
in Bowling Green township. Opposed
to capital punishment; excused.

C. L. Stevens, Bowling Green town-
ship, carpenter. Opposed to capital
punishment in cases supported only on
circumstantial evidence. Excused.

C. C. Vanfossen, Bennington town-
ship, farmer. Not opposed to capital
punishment; no opinion. Passed by
state for cause. Examined by James
for defense. Thought that the men
indicted must have had some connec-
tion with the crime or they would not
have been indicted. It would require
evidence to remove this opinion. Chal-
lenged for cause. Excused.

Daddy's Bedtime Story Grandpa's Spectacles

"DADDY," asked Jack one evening, "when you were a boy about my size did your daddy tell you any bedtime stories?" "Sometimes," said daddy, with a smile. "But the most fun I had was with my grandfather, who was, of course, your great-grandfather. He was a very pleasant old man, and he was very fond of children. He used to tell us stories and give us goodies. He used to sit many hours in his easy chair and read his Bible. And that reminds me of a funny thing which happened one day. "Grandfather had been reading in his big Bible when all at once he missed his spectacles. He looked about, but could not find them, so he called out to his youngsters: 'Henry, Nell, Edward! I have lost my glasses. Whoever of you youngsters shall find them shall have 10 cents.' "You may be sure that we became very busy. My brother and I thought most, I am afraid, of the 10 cents and what we should buy for them, but your Aunt Nell was more generous, for she said to grandfather, 'I'll look for them, grandpa, without any pay.' "She began by looking through grandfather's big Bible. It was lying on a small table right by grandfather's hand, but the spectacles were not to be found among its pages. Then Nell began her search through grandfather's pockets and in his hat and everywhere about his chair, but she could not discover the glasses anywhere. In the meantime my boys were searching the room. We looked on the mantelpiece, on the big table in the center of the room and on all the chairs. We even peeped into the fireplace, thinking grandfather might have dropped his glasses when he got up to poke the fire. "But it was all of no use. Then my brother and I got down on our hands and knees to search the floor. My, how we hunted over every corner! We overturned the rug and looked underneath it. Then we crept under the sofa and pulled it away from the wall. We moved every chair from its place, and I am afraid we made work for mother by failing to put them back properly. After awhile we gave it up and declared that we did not believe those glasses were to be found anywhere. We were sorry, too, for we wanted the 10 cents. "While we had been hunting Nell had been very quiet. She was thinking hard. All of a sudden we heard her give a shout. When we looked up, there she was, climbing up on grandpa's knee to take the spectacles from his forehead. 'Oh, grandpa, grandpa,' she shouted, 'your glasses haven't been lost at all! You've only pushed them back on your forehead to rest your eyes!' "Whr, so I have!" said grandfather, and he was just as much surprised as we were."

THE COST OF LIVING.
The real cost of living is not reckoned in dollars and cents—it's paid for in physical energy and mental comfort. Many women do not enjoy life because they are overworked. Consequently, labor-saving devices are the most welcomed of all inventions. Prominent in this class is Hewitt's White Easy Task Soap—for kitchen and laundry use. It does half the work itself. Kills the germs, does not harm the hands or fabrics, and makes an easy task of household drudgery.

Cemetery Lot Owners Consider Free Surgery
Memorial Day will soon be here. If you own a lot in the cemetery, have the trees on it put in good condition. Many splendid trees on private lots need treatment to prevent destruction by decay, and nearly all trees on those lots need pruning. Place your order with us early, and the work will be done by our trained tree surgeons. Consultation free.

ARCHIBALD S. WHITE

Accompanies Wife Whom He Is Suing for Divorce, to Pier from Which She Sailed for Paris.

New York, May 4.—With her husband in attendance at the pier, Mrs. Olive Celeste Moore White, who is being sued by Archibald S. White, formerly of Newark, but now residing at Cincinnati, for divorce, sailed for Europe today on the Mauretania. They came to New York on the same train and had apartments here in the same hotel.

"Why not?" asked Mrs. White. "This is not a disagreement that would keep us from being the best of friends. Our whole trouble is that I will not live in Cincinnati. Life is not worth living for me there. Everything in life for him, except me, is there. I shall go to Paris and live quietly there, and perhaps go to the coronation. But I shall never go on the stage again. Such a report is nonsense."

Cincinnati, May 4.—Desertion and neglect are charged by Archibald S. White in the suit for divorce which he filed here this week against his wife. Mrs. White came here the day the action was to be begun, accepted the service of the papers and then left at once, remaining in the city only a few hours and denying herself to interviewers and callers. The couple were married in 1895, while Mrs. White was still noted as a light opera singer.

ACTING AS HIS OWN ATTORNEY

Haywood, Wis., May 4.—The defense of John Dietz with his wife and son on trial for murder is becoming pathetic. Dietz, acting as his own lawyer in crude and amateurish style and the case is apparently going against him. There seems to be a complete lack of understanding among the three defendants in their examination of witnesses.

(By Campbell Goldrick.)

Hamilton, O. May 4.—Jimmy Barton and his athletes were out for blood yesterday afternoon and they found it in the shape of the Newark aggregation. The Mechanics wouldn't take any chances, so they proceeded to go after Mr. Stoup in the opening rounds.

The "swat fest" was started in the first round. Jimmy Barton set a good example for his men when he "biffed" the first ball pitched for a clean single, and went to the midway station on Gilligan's safe punt. Locke continued the bunting game and he reached first safely. The sacks were "loaded" on all corners when Keefe grounded to short and forced Barton at the rubber. Thomas grounded to short and was thrown out at first. Gilligan scoring on the play. Tanner connected for a safe one to left, scoring Locke and Keefe.

The Mechanics were not satisfied with the lead they had so they again commenced to slaughter the curves and slants of Stoup, who was powerless to stop the "slugging" Mechanics. Kunkle, who has at last found his batting eye, weighed in with a single, and went to second on Fox's sacrifice. Barton "got a life" when his roller was booted. Gilligan then cut in with his second hit and Kunkle counted. Locke hit safely to left and Barton scored. Keefe smashed a long fly to center scoring Gilligan. This ended the scoring for the second inning.

Stoup then "tightened up" and the Mechanics found him hard until the sixth, when singles by Fox and Gilligan, and sacrifices by Barton and Locke scored another run. In the eighth Barton singled and went to second on Gilligan's single, stole third and scored on Locke's sacrifice fly.

Newark was unable to connect effectively with "Foxy Gus." Although he was hit hard at times, he had plenty of nerve and with good support pulled himself out of a few holes. Newark scored in the opening round on singles by Baggan and Rudolph and a sacrifice by Newham. In the third it looked like they would do some damage when Wentz fumbled Baggan's grounder who was advanced to second on Newham's single. McConnell smashed a hot two-bagger to left and Baggan and Newham scored. But at this point Fox settled down and held the visitors safe. Newark put one over in the eighth on singles by Walker and Baggan and a sacrifice by Blue.

Outside of the double steal pulled off in the eighth by Barton and Gilligan, and the stock work of Gilligan and Baggan, the game was featureless. Both teams hit hard and played fine ball in the field. The Mechanics had a shade the better of it on all sides.

Gilligan had no trouble at all in finding Stoup. He stood at the rubber five times and got away with four safe "bingles," and scored two runs. Fox had the Newark sluggers on the wagon, when a hit meant runs.

The work of Walker at first was of the cleanest kind. His handling of ground balls, saved the Newark infielders from several errors. Although 12 runs were scored, the game was the shortest contest pulled off here this season, going one hour and twenty-seven minutes.

"Pie" Decker was in the lineup, and went the full distance. This is his first appearance since his injury, and he will continue to play in the left gar-

den, Keefe taking his place in the sun field, and Thomas going to right.

The team is going along at a nice clip now, and Manager Barton will not change the lineup unless the team reverses the form it is now showing.

LITTLE DAMAGE DONE BY FROST LAST NIGHT

Just as was expected, when the
clouds rolled away Wednesday even-
ing, the atmosphere was cold and
chilly and charged with frost. Many
predicted a killing frost and much
anxiety was felt regarding fruits of all
kinds. While there was a frost and it
is thought that considerable damage
was done, especially in the lowlands,
old timers are of the opinion that the
great bulk of the fruit is still safe.
"It is my opinion that the fruit can
stand several frosts, and still there
will be plenty of all kinds of fruits in
most localities," said a veteran nur-
serman Thursday morning, when
asked about the fruit prospects.
"There are so many buds out that
many could be killed by frost and still
many would be left," said the nur-
serman. The fruit that will suffer the
most by frosts in this locality is
peaches. Peach growers in the fam-
ous Frazzessburg peach belt are fear-
ful for their crop. The peach and
other fruit outlook in this belt has
been favorable for a bumper crop and
trees have matured until it is thought
that even a light frost would destroy
them. In this locality it is thought
that all fruit on the uplands is still
safe. Wednesday night Mr. Burton
Case of Granville had over three hun-
dred pots of oil burning in his big
peach orchard.

W. A. ERMAN & SON'S UNUSUAL OFFER.

Sell Dr. Howard's Specific at Half-
Price and Guarantee a Cure.
"It isn't often that we have faith
enough in the medicine put up by
other people to be willing to offer to
refund the money if it does not
cure," said W. A. Erman & Son to
an Advocate man who dropped into
their store, "but we are glad to sell
Dr. Howard's specific for the cure of
constipation and dyspepsia on that
basis."

"The Dr. Howard Company in or-
der to get a quick introductory sale,
authorizes us to sell their regular
50-cent bottles at half price, 25 cents
and, although we have sold a lot of
it, and have guaranteed every pack-
age, not one has been brought back
as unsatisfactory."

"We are still selling the specific
at half price, although we cannot tell
how long we shall be able to do so,
and anyone who is subject to consti-
pation, sick headache, dizziness,
liver trouble, indigestion or a gen-
eral played out condition, ought to
take advantage of this chance. You
can tell your readers that if they are
not satisfied with the specific that
they can come right back to our
store and we will cheerfully refund
their money."

B. & O. ANNOUNCES SEVERAL IMPORTANT OFFICIAL CHANGES

Unusually important changes are re-
ported about to be announced on the
Baltimore and Ohio railroad, that will
affect several of the high officials now
stationed at Wheeling, who have juris-
diction over the Newark division. It
is believed that the official promulga-
tion of the appointments will be given
out in the course of a few days. Rumors
of the impending changes have been
going on about among the road's
army of employees for several days, but
were considered "mere sand" house-
dope with little or no basis until
Wednesday night, when it was learned
that a number of changes had been
decided upon, with the possibility of
others being added to the list.

T. B. Williams, formerly a division
superintendent, and now general super-
intendent of the Wheeling grand divi-
sion, will be transferred to Cincinnati
to a still higher position, probably
with the Cincinnati, Hamilton and
Dayton, the extensive central states
system recently acquired by the Balti-
more and Ohio.

O. H. Hobbs, now superintendent of
the Cumberland division, has been de-
cided upon as the successor of T. B.
Williams, as general superintendent of
the Wheeling grand division.

J. F. Keenan, formerly trainmaster
of the Cumberland division, and who
was recently promoted to the superin-
tendency of the Wheeling division, is to
go back to Cumberland, his old bal-
wick, but promoted to the superintend-
ency. The Cumberland division is one
of the most important on the B. and O.

system, carrying much heavier traffic
than most others.
W. H. Riley, until recently train-
master of the Wheeling division, re-
cently transferred to a similar position
on the Cumberland division, will go
back to Wheeling again, having been
promoted to the Wheeling division
superintendency, succeeding Mr. Keen-
an.
Other important changes will soon
be announced.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a
fancied evil when there are real and
deadly perils to guard against in
swamps and marshes, bays, and
lowlands. These are the malarial
germs that cause ague, chills and
fever, weakness, aches in the bones
and muscles and may induce deadly
typhoid. But Electric Bitters de-
stroy and casts out these vicious
germs from the blood. "Three bot-
tles drove all the malaria from my
system," wrote Wm. Fretwell, of
Lucama, N. C., "and I've had fine
health ever since." Use this safe,

'CASCARETS' SPLENDID FOR ELDERLY FOLKS

The Rule for Old People Is—One
Cascaret Daily. The Bowels,
Like Other Muscles, Grow
Less Active With Age.
They Need Help.

Most old people must give to the
bowels some regular help, else they
suffer from constipation. The condi-
tion is perfectly natural. It is just
as natural as it is for old people to
walk slowly. For age is never so
active as youth. The muscles are
less elastic. And the bowels are
muscles.

So all old people need Cascarets.
And most of them need them daily.
One might as well refuse to aid weak
eyes with glasses as to neglect this
gentle aid to weak bowels. The
bowels must be kept active. This is
important at all ages, but never so
much as at sixty.

Age is not a time for harsh phys-
ics. Youth may occasionally whip
the bowels into activity. But a lash
can't be used every day. What the
bowels of the old need is a gentle
and natural tonic. One that can be
constantly used without harm. And
there is no matter of choice here.
The only such tonic is Cascarets and
they cost only 10 cents per box.

LENSES VS. MEDICINES

Did you ever stop to think what
your headache might mean—some-
times a dizziness, too? Don't al-
ways put the blame to your stomach
or call it indigestion, for it may be
your eyes.

When you need glasses the first
symptom is invariably headache. So
many people that Haynes Bros. have
fitted come in afterward and tell
them their headaches have disap-
peared. Go in tomorrow and let
them fit your eyes and relieve you.
They can fit any eyes with their
specially ground lenses. In con-
nection with the latest modern ap-
paratus for testing eyes, they have
a grinding plant and have been
grinding their own lenses for the
past five years. The Haynes Bros.
are constantly adding new ap-
paratus and are finely equipped to
serve you at the same old location,

The Furniture Of Other Days

Don't discard the old furniture; the dear old furniture of other days. Hold fast to and cherish articles which long association and tender memories have made precious.

For the sake of looks some people buy new furniture when all they need is a can of SPARTAN STAIN. It renews old furniture like magic.

You'll marvel at the transformation you can make in your furniture and the fun you can have doing it.

SPARTAN STAIN

"The practical wood finish"

Is a varnish stain that appeals with equal force to the amateur and the journeyman painter.

We make the stains for the largest piano and furniture factories of the country. Not because they love us better, but because we serve them better. We add to the beauty, durability and SALABILITY of their product. These stains are the most exacting in the wood finish field. The cost of the stain cuts little figure in the finishing of a chair or table, so they don't stop at price. It's RESULTS they want. Only past masters in stain making can meet their demands. We have brought to the manufacture of Spartan Stain our years of experience in catering to the furniture, piano and architectural trades.

Spartan Stain is above all else, practical. It is made in a score or more of colors. With our graining outfit, you can reproduce the grain of any wood or match any color effect. Spartan Stain is for FLOORS, DOORS, FURNITURE, WOODWORK. A practical renewer for practically everything about the house.

RECITAL OF SHEPARDSON GLEE CLUB

Participants Received Enthusiastic Applause—News of Granville and Vicinity.

Granville, May 4.—It was a bewildering galaxy of young women, composing the Glee club of Shepardson College, that greeted the eyes of hundreds of people at Recital Hall Wednesday night. The entire stage from the margin to the wings was a mass of fluttering dresses, and beautiful young women. The occasion was the annual concert given by the Shepardson Glee club, and on no other previous occasion has the concert been more successful than it was last night.

Miss Marion Rose is president of the club and Miss Allert Chrysler, is the business manager. All the numbers on the program were rendered most beautifully and the choruses and choral numbers were especially worthy of mention. The sweet, fresh young voices blended admirably and the spirit of the music was entered into with such good effect that the singers were frequently the recipient of enthusiastic applause.

The Newark Heating and Plumbing company has just contracted to put in the steam system in the residence of Mr. Case of the Candy Kitchen.

Miss Marie Whitehead has been visiting relatives in Johnstown for some days.

Mrs. George Futurer of Chicago Junction, O., accompanied by her three children, are visiting her husband's parents, Mr. and Mrs. G. B. Futurer.

One of the most enjoyable social events of the present semester of Denison was the reception given by the members of the faculty of Shepardson college in Stone Hall Tuesday evening from 3:30 to 5 o'clock. During the hours of the reception a large number of the friends of the students and the college called and a most enjoyable time was had. This was the last reception of the college year.

The country roads leading into Granville are reported as being in fair condition as a result of the recent fine weather. There are some roads in the township, however, that are badly in need of repair. The time is coming when Granville township will boast of some of the finest roads in the county.

When a fellow leaves home these days he doesn't know whether to wear a heavy overcoat or carry his umbrella as a protection from the sun or rain. He will probably need them all before the day is over.

It is reported that there is very little contagious disease in the village at this time, and there is not a great deal of sickness of any kind.

Your reporter in strolling about the village noticed that there are very few houses for rent. For some time there has been need of a few up-to-date houses in Granville, with all the modern conveniences. The younger married generation is coming to require this, and some of our enterprising citizens could do worse than build a number of houses for renting purposes.

PLA CILLI ILLI PASSES SENATE

Mr. Frank L. Beggs, chairman of the playgrounds committee of the Board of Trade, was notified Wednesday afternoon of the passage of his bill introduced in the senate by Dr. C. D. Watkins, authorizing the school boards in Ohio cities to buy or lease children's playgrounds. The measure was given three readings in the senate and was passed. It now goes to the house where Representative W. D. Fulton will look after its interest.

COLD STORAGE.
No matter how sanitary your refrigerator is in construction, it is absolutely essential that it be kept clean. Hot suds made from Howitt's Easy Task soap is the best refrigerator cleanser known because it removes grease and dirt, kills germs and leaves the refrigerator sweet and clean—a fit place in which to keep food. PREPARING FOR BIG TRACK MEET

Those having the matter in charge are making great preparations for the Licking County High school track meet which is to be held on the fair grounds at Pataskala, on Saturday, May 12. Workmen are already engaged in getting the track in condition for the meet, as the heavy spring rains have not improved it. It is thought that the meet will be one of the most successful ever held in the county.

The May Business meeting of the C. E. Society of Plymouth Congregational church will be held this evening at the church at 7:30.

GRANDMOTHERS' BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved with a Harmless Remedy Made from Sage.

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea" such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea" containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy. The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

WONDERFUL EXHIBITION OF VALUABLE DOGS AT OLD M. E. CHURCH BLD'G

Newark Kennel Club's Annual Exhibition Opened Last Night—Grey Hound Exhibit Biggest In America—Pretty Pets Shown By Cincinnati Breeder.

The annual exhibition of the Newark Kennel Club opened formally Wednesday night in the old M. E. church building at Fourth and Church streets, there being a fair attendance. It is without doubt the best exhibition of high class canines that has ever been held here and the dog fanciers from abroad who are exhibiting state that it compares favorably with the largest exhibitions in the country.

It is believed that by tonight, when the judging is commenced there will be three hundred dogs on exhibition. Last night there were more than 200 and there were seventy-five entries yet to be heard from.

Tonight the judges will begin their work of scoring the dogs. The first dogs scored will be the field dogs, bird dogs, hounds, grey hounds, blood hounds, etc.

Before the week closes, S. C. Spaulding, a breeder of blood dogs will give an exhibition with his famous man-trailers, Princess Lady and Jumbo. The latter is a famous old puppy and already has the credit for the capture of several criminals. These dogs are from the famous Newwood Kennels near Cincinnati.

This breeder also has on exhibition a string of the English setters. This string is led by Bob's Bessie, a famous \$1,200 female setter who is the mother of the other dogs in this breed on exhibition from these famous kennels. One of her puppies on exhibition is valued by his owner at \$2,000. He is Doodora Jeff, sired by the famous Doodora Prince. The dog's mother, Bob's Bessie, has won for her owner more than 100 prizes on the bench and has a world wide reputation.

H. B. Elliott of Salt Lake City, Utah, a breeder of grey hounds, has on exhibition the largest entry of grey hounds ever exhibited at any American show, not excepting Madison Square Garden show. His string is valued at \$10,000 and consists of eight head. One of his dogs has won for its owner several thousand dollars in cash prizes.

These dogs are used for coursing. In the west, the animals are used for chasing jack rabbits, the fastest game in America.

Mr. Elliott's recent kennels at Salt Lake City and also has one at Buckeye Lake. The dogs are trained in both attitudes so the change from one part of the country to the other has little effect on them.

King Lady is the leader of the string and is the winner of the American Waterloo, one of the biggest stakes run in America. She has met and de-

feated on the course, 115 dogs, all highly bred.

Al G. Eberhart of Camp Dennison, near Cincinnati, has on exhibition a number of toy dogs. These are the real pets of the show. They are good for nothing but to fondle, admire and pet.

One of these is a Japanese Spaniel, Champion Oku of Baltimore, which has won for its owner more than 150 prizes. Ebony Prince, a very rare species of black pug, is one of the oddest exhibits in the show. Champion Prince Vigo, is a fine specimen of the French Toy Poodle. He is the first dog of his breed to be called Champion.

There are several specimens of Pomeranians, a pretty variety of lap dog. One is Champion Shady-side Golden, which won prizes at Crystal Palace, London, regarded as the best show in the world. A Pekinese Spaniel, is a rare specimen of Chinese aristocracy. Another Chinese dog, known as the Chow Chow breed, is peculiar in the fact that it has a black tongue and mouth, and this is necessary to qualify the animal for entry in any bench show.

J. T. Pace of Columbus, a breeder of Scotch Collies, has two entries, Brilliant Pace and Longman Pace, both excellent animals of their breed. There is a fine exhibition of collies, there being a dozen or fifteen dogs in the show.

One of the beautiful field dogs is Irish Mack, an Irish Setter from the Newwood Kennels, owned by S. C. Spaulding. This animal was the winner in his class at the last Madison Square Garden show. The Spaulding kennels has on exhibition more than 200 blue ribbons won by its fine dogs.

The show in itself besides being entertaining to the highest degree, is instructive, for there are dogs on exhibition from almost every corner of the globe. Their various traits and peculiarities are interesting.

The children will enjoy the smaller breeds, most of them being good natured and friendly. Attendees are constantly on hand to see that no one is in any danger.

The compartment of each animal is clean and sanitary, the dogs are groomed and exercised daily, and there is nothing in the least that is objectionable. The management has set the price of admission at 10 and 20 cents, and the show is open afternoon and evening.
